

## O'Leary's Weather Policy

O'Leary's has several ways for you to see if classes are being held In the case of severe winter weather!

### 1) Facebook

During major storms Social Media has proved to be the best way to reach out to our families. We will be posting ALL weather related updates periodically and we will ask you to SHARE it with your friends as well.

### 2) Website/EMAIL

Our website will be updated accordingly as well, as long as there are no power outages. When visiting our website regarding closings, click on the **NEWSLETTER tab**. That page will be updated with weather related closings.

We will also send out email notices if possible, once again, as long as there are no power outages, so please ensure O'Leary's has an UP TO DATE Email Address on file! Please refer to our FB Page as a secondary options.

### PLEASE NOTE:

We DO NOT follow any school closings.

School openings or closings DO NOT affect our gym being open or closed. Use the options above to double check whether or not our classes are in session.

*(Please, always use your best judgment when deciding to bring your child to class in the snow. If you do not feel safe driving your child to gymnastics, please stay home. All those who choose to stay home will be given the option to make up their class. Be safe and enjoy the snow.)*
